The map illustrates a ski resort with a variety of trails and facilities. At the top, the mountain peak is marked at 6,800'. The trails are color-coded by difficulty: green for easiest, blue for more difficult, and black for expert. Lifts are indicated by icons: double chairlifts, triple chairlifts, carpet lifts, and rope tows. Amenities such as first aid, tickets, rentals, ski school, restrooms, dining, and parking are also marked. The map includes a legend for trail types (easiest, more difficult, expert, freestyle terrain) and a section for shred trails (easiest, more difficult). Key trails include Tower Loop, Crystal Cruise, Powder Bowl, and various freestyle terrain areas like Gun Powder and Lost Treasure. The base area features a Lodge & Grill, Ticket & Rental Shop, and several parking areas.
